*American Council of Engineering Companies of South Carolina is a member organization of the AMERICAN COUNCIL OF ENGINEERING COMPANIES. The Membership directory is published every other year for member firms by Jones, McAden & Associates. Joe S. Jones, Executive Director ~ Ginger Booker, Editor ~ PO Box 11937 ~ Columbia, SC 29211*

---

The American Council of Engineering Companies of South Carolina is happy to bring you this 2010 ACEC-SC Directory. ACEC-SC is the only organization for consulting engineers in South Carolina. Our member firms are dedicated to practicing quality engineering.

Each member firm is fully capable of doing engineering work they have listed in their firm's description. We investigate each firm and vote each into our membership to ensure all member firms are quality organizations. Each firm must adhere to the high standards of excellence of the engineering profession.

Each ACEC-SC member is also a member of the national organization, ACEC. By being a member of the state and national affiliate our members are kept abreast of state and national trends as well as state and national policies, laws, and regulations through programs, meetings, seminars and publications.

If you are considering undertaking any engineering, planning or research, this directory is here to help you find the services you want. Please feel free to contact any of our member firms. You will always find quality-consulting council with our engineering firms. If you have any questions you can call our staff for assistance. ACEC-SC headquarters are located at: 826 Assembly St. Columbia, SC 29201 / P.O. Box 11937 (29211), (803) 771-4271, and [www.acecsc.org](http://www.acecsc.org).

Sincerely,

Joe S. Jones III  
Executive Director

---

The mission of ACEC-SC is to promote and protect the business interests and professional standards of consulting engineering in the state of South Carolina; and to improve member firms' ability to profitably provide quality services to their clients.

**OBJECTIVES:**

1. Maintain a positive business environment for consulting engineers in South Carolina by active participation in the legislative process and by representing consulting engineers' views to other interest groups.
2. Provide programs to the membership that will improve their business operations.
3. Maintain a positive public image of the consulting engineers profession.
4. Influence future engineers to choose careers in consulting engineering.

A high-quality engineer's design can have a dramatic savings effect on maintenance and operations over the life span of the project. The fee for the design professional amounts to only a small percentage of overall project costs; however, the result of a designer's work can greatly impact the life-cycle costs. Qualifications Based Selection (QBS) is the process recognized by the federal government as the most effective way to choose consulting engineering services. QBS is essentially the policy stating that engineers should be selected on the basis of competence, unique abilities for each project. Price should not be a factor in selecting the design firm, at this point.

The following steps in the QBS process are recommended by the American Council of Engineering Companies:

### Step 1: Request for Qualifications

Prepare a formal Request for Qualifications (RFQ) for a proposed project and distribute it to a select list of firms. Ask respondents to indicate their interest in the project and illustrate relevant project experience and overall capabilities to perform the services required for the project. The initial RFQ should include the following:

- A. A description of the proposed project.
- B. Any special expertise or unusual services that might be required.
- C. A time schedule for the overall project, including the selection process to retain a consulting engineer.
- D. A list of selection criteria (e.g., geographic location of firm, small business set-aside, or current workload of staff).

### Step 2: Evaluation of Firms

Evaluate the written qualifications of the firms and select the top three to five firms to be interviewed. The evaluation should be based on the following factors:

- A. Individual qualifications of personnel as a team.
- B. Overall experience of personnel as a team.
- C. Ability of the team to perform within time constraints.
- D. Firm's awareness of project's issues, opportunities and constraints.
- E. Project team's experience on similar projects.
- F. Quality of past work.
- G. Performance evaluation from past clients.

### Step 3. Interview

Arrange for interviews with the top firms. Whenever possible, the interview should be held at the consulting engineer's office to provide an opportunity for the buyer to observe the firm in action. An evaluation form with predetermined selection criteria should be provided to between interviewers to determine the firm's score. The evaluation form should include the following components:

- A. Project team management plan.
- B. Previous experience of project team.
- C. Location and quality of office facilities.
- D. Project control measure to monitor schedule and budget.
- E. Availability of staff resources based on firm workload.
- F. Project approach.

- G. Quality of work on similar projects.
- H. Awards and past client recommendations.
- I. Financial stability of the firm.
- J. Overall team ranking.

### Step 4: Selection/Negotiation

Select top-ranked firm and initiate the negotiation for the scope of work, the terms and conditions of a contract, and compensation. The negotiation process includes the following:

- A. Preparation of comprehensive proposal by the top-ranked firm.
- B. Presentation of scope of work, schedule, and level of effort by the top-ranked firm.
- C. Agreement on scope of work, schedule fee, and areas of responsibility and liability.
- D. Preparation of written contract binding both parties to the agreement.

A consulting engineer's fee should include the cost of services of both principals and staff in the design and specification of a project. It also includes maintenance of the firm's office and equipment and visitations to the project site to verify the competence of work performed.

Additional arrangement may be made for:

- A. Environmental impact statements and similar declarations to conform with government regulations.
- B. Investigations, other consulting engineers or technical firms engaged.
- C. Unusual amount of site activities, resident supervision.
- D. More than the stipulated number of drawings specifications.
- E. Major change to plan.
- F. Construction Management.

If the negotiations with the first choice firm fails for any reason, sever negotiations with the firm and begin the process with the second choice. If an agreement with the second firm is not reached, continue the process through the ranked firms.

#### FIRM DESCRIPTION

American Engineering Consultants, Inc. is a full service consulting firm dedicated to serving county, municipal, industrial, public, and private sector clients in the areas of civil, electrical, structural, and environmental engineering. Projects vary from design and permitting of solid waste facilities, municipal water & sewer systems, to roadway, grading and storm drainage projects. Surveying, construction inspection, construction administration, project scheduling, and plant startup services are also provided and are an integral part of our overall experience. AEC also has extensive experience in obtaining grant funds for and managing State and Federally funded projects.

**AREAS OF INTERESTS**

Bridge Engineering & Design; Civil Engineering; Coastal & Marine Engineering; Construction Engineering, Management & Observation; D.O.T. Procedures & Training Plans; Dams (earth, rock), Dikes, Levees; Directional Drilling; Dredging, Inlet Management; Earthquake Damage; Engineering Consultations & Reports; Environmental Permitting; Erosion Control Studies; Feasibility Studies; Flood Control; Flow Monitoring, Meter Verification; GPS Surveying; Harbors, Jetties, Piers, Ship Terminal Facilities; Highway Structures; Highways & Streets; Historical Preservation; Hydrogeology; Land Development; Land Fills; Marine Structures; Military Design Standards; Oceanographic Engineering; Parking Structures; Planning & Reports; Project & Program Management; Railroad, Rapid Transit; Remedial Design; Rivers, Canals, Waterways, Flood Control; Scour Evaluation; Sea Walls; Seismic Designs & Studies; Storm Water Handling & Facilities; Structural Design, Special Structures; Structural Failure Analysis; Sub-Surface Utility Engineering; Testing & Inspection Services; Traffic & Transportation Engineering; Tunnels & Subways; Underwater Engineering; Value Analysis, Life-Cycle Costing; Water Resources, Hydrology, Hydrographic Surveys, Ground Water; Water Supply, Treatment and Distribution

**FIRM DESCRIPTION**

Civil, structural, water resources and underwater engineering. Planning, design and construction inspection services for transportation, water supply, storm water and wastewater collection and treatment, marine and industrial facilities. Specializing in underwater inspection using engineer-divers for bridges, dams, piers, pipelines, tunnels and water tanks. Additional expertise in bridge and marine design; hydrographic surveys, structural investigations of bridges, waterfront and marine structures; coastal engineering; construction engineering and subsurface utility engineering.

**DESCRIPTION**

Engineering Design & Testing Corp. (ED&T) is an engineering consulting firm. Consultation services are offered in the general areas of mechanical engineering, structural engineering and metallurgical engineering. The majority of the firm's consulting clientele are insurance adjusters and attorneys involved in civil litigation. The firm also consults directly with industrial clients and, to a small extent, state and government agencies. In addition to consultations, the firm also operates a commercial laboratory specializing in metallurgical analysis and mechanical testing.

Sewage Collection, Treatment and Disposal; Training; Water  
Supply, Treatment and Distribution

### DESCRIPTION

Life Cycle Engineering® provides maintenance, Reliability  
engineering and asset management solutions and operational  
improvement consulting to the military, private industry and  
public organizations. We focus on achieving excellence in  
maintaining equipment, systems and facilities resulting in  
increased reliability. Our clients gain increased profitability  
through greater capacity, lower operational costs and less  
downtime.

## **ARTICLE I NAME AND LOCATION**

### **Section 1**

The name of this organization shall be American Council of Engineering Companies of South Carolina, hereafter referred to as Organization, ACEC-SC, or Corporation.

### **Section 2**

The headquarters of this Organization shall be located in the State of South Carolina as determined by the Board of Directors, herein referred to as Board.

## **ARTICLE II PURPOSE AND OBJECTIVES**

### **Section 1**

The basic purpose of ACEC-SC is to provide a single state organization for consulting engineers and surveyors in private practice by replacing, supplanting, or effecting the merger of or affiliation with all organizations of consulting engineers operating in the State of South Carolina; to take advantage of affiliation with other professional organizations whose aims and objectives are consistent with the aims and objectives of this Corporation, and through the medium of this Corporation, to foster the objectives hereafter set forth.

### **Section 2**

The specific objectives of ACEC-SC are:

- A. To foster and safeguard ethical standards of engineering and to aid in the advancement of the science of engineering through educational and research activities.
- B. To insure that ethical professional standards for independent consulting engineers are maintained.
- C. To promote the professional and economic welfare of its members.
- D. To act as a clearinghouse and information center on all matters of mutual interest to its members.
- E. To advance the value of the consulting engineer to the public, disseminate public information regarding the work of the consulting engineer, and to protect the public interest in engineering matters.
- F. To promote harmony, cooperation, and mutual understanding among consulting engineers engaged in private practice by:
  - (1) Providing a forum for interchange of professional and business information among consulting engineers and consulting engineering firms.
  - (2) Improving employment conditions for the benefit of the entire profession.
  - (3) Identifying areas where programs need to be pursued as a unified body for the mutual benefit of consulting engineers.
  - (4) Improving working relations with contractors and their associations, architects and their associations, and other similar groups.
  - (5) Improving working relations with engineers in industry, construction, government and education through their associations and societies.
- D. To have affiliate members to gain harmony, cooperation, and mutual understanding between Consulting Engineers and representatives from construction, industry and manufacturers' suppliers.

## **ARTICLE III TYPE OF CORPORATION AND POWERS**

### **Section 1**

ACEC-SC shall be exclusively a not-for-profit business being within the meaning of Section 501 (c) (6) of the Internal

Revenue Code of 1954 as may be amended from time to time and the statutes of the State of South Carolina.

- A. No part of the Corporation's net income shall inure to the benefit of any individual or class member, and the Corporation shall not have or issue shares of stock or pay dividends.

In the event of dissolution of the Corporation, whether voluntary or involuntary, all assets of the Corporation then remaining shall be distributed by the Board in such proportions as they shall determine, to one or more state-wide organizations exempt from taxation under Section 501 (a) and 501 (c) of the Internal Revenue Code, or to the Federal, or State Government for a stated purpose.

### **Section 2**

ACEC-SC shall have all powers inherent under applicable Federal and State statutes, but shall not have the power to borrow or loan moneys. The duration of ACEC-SC shall be perpetual.

## **ARTICLE IV GOVERNMENT OF ACEC-SC**

### **Section 1**

The affairs of this Organization shall be governed by a Board of Directors of not less than nine members elected in accordance with the Bylaws. The Board shall elect from within its membership a President, Vice President, Secretary, and Treasurer (herein defined as Officers), at the Board meeting immediately following the Annual Board Election Membership meeting to be installed at the end of the Annual Meeting. The position of Secretary and Treasurer may be held by one person. In addition, the Board may elect a National Director and an Affiliate National Director to represent ACEC-SC on the American Council of Engineering Companies Board of Directors.

### **Section 2**

Officers and Directors shall assume the duties as stated in the Bylaws.

## **ARTICLE V VOTING POWER OF GENERAL MEMBERSHIP**

### **Section 1**

Voting power shall be vested in the Member class only. Each member shall have voting rights and the total of all members, as entered into the records of the Corporation, shall equal to the total voting power of this corporation.

### **Section 2**

Voting shall take place at a membership meeting unless otherwise set forth. If a voting quorum is not in attendance, a mail ballot shall be used for voting, if all requirements as set forth are met, except that a budget previously approved by the Board of Directors may be adopted by majority vote of the members present at the Annual Meeting.

### **Section 3**

Mail ballot shall be marked, "Ballot to be returned by (insert date of return)", which marking shall allow a period of not less than fifteen days nor more than thirty days from the date of mailing. Within thirty days after the date of return, the President shall advise the membership of the results of the ballot. Letter ballot shall become effective on the date of return. A mail voting quorum shall be a majority of the total voting power of the Corporation.

**DEFINITION**

The American Council of Engineering Companies of South Carolina is a state-wide organization of independent consulting engineering firms and engineers incorporated as a non-profit Corporation under the statutes of South Carolina.

**ARTICLE II  
MEMBERSHIP**

**Section 1**

Membership classifications in ACEC-SC are as follows:

- A. Member Firm. Firm membership shall consist of firms whose major occupation is the practice of consulting engineering and land surveying companies who meet the requirement of Section 2 of this article. And land surveying companies
- B. Life Member. Any principal may, by request, be elected as a Life Member of ACEC-SC, by the board. Life Members shall not be entitled to vote or hold elective office. They shall not pay any dues or assessments to ACEC-SC or ACEC.
- C. Affiliate Member. One that does not qualify as a Member Firm or Life Member and meets the qualifications of new Article X Affiliate Membership.

**Section 2**

For the purpose of determining the eligibility for membership in this Organization, the term, 'Member Firm' shall mean sole proprietorship, partnership, corporation, or professional association represented to the public as being available for, and whose principal activity includes, the private practice of consulting engineering and land surveying companies which does, and is legally authorized to practice engineering or surveying, as evidenced by a Certificate of Authorization from the South Carolina State Board of Registration for Professional Engineers and Land Surveyors, or professional engineer registration if a sole proprietor. As a condition of membership, all ACEC-SC members must be members of the American Council of Engineering Companies.

**ARTICLE III  
ADMISSION AND SEPARATION**

**Section 1**

Candidates for membership in any classification shall be sponsored by a Member Firm and by application of the candidate. The name of the candidate shall be submitted to the Board of Directors, which shall investigate eligibility. Upon favorable finding, the Board may vote the applicant from the designated classification into the membership.

**Section 2**

Any member of any classification shall be subject to removal or suspension from membership if (1) that member ceases to qualify for membership under the bylaws; (2) if any dues or assessments are in arrears more than ninety days.

**Section 3**

Reinstatement shall be by reapplication. Prior to reinstatement all outstanding debts to ACEC-SC must be paid.

**Section 4**

ACEC-SC shall hold harmless and indemnify any person acting on behalf of ACEC-SC, in matters relating to this Article, against any losses, claims, damages or liabilities, joint or several, to which he may become subject, provided he has acted in good faith and in a manner which he reasonably believes to be in, or not opposed to, the best interest of ACEC-SC.

**Section 5**

Any member in any classification may voluntarily terminate or suspend his membership upon written notice to the Secretary. A suspended member may be reinstated upon thirty days' written notice to the Secretary and payment of dues and assessments for the current year, provided the applicant for reinstatement possesses the qualification for membership as outlined in this Article. However, all dues and assessments due at the effective date of withdrawal are due and payable at once.

**Section 6**

Upon termination or expulsion of members of any classification, all rights and interests in any funds or assets of ACEC-SC are lost to that member.

**Section 7**

Affiliate members refer to Article X.

**ARTICLE IV  
DUES AND ASSESSMENTS**

**Section 1**

The fiscal year shall be July 1 of one calendar year to June 30 of the next calendar year.

**Section 2**

Dues shall be paid by Member Firms according to index number. The index number shall be the square root of the total firm personnel carried to the next highest whole number in case of fractional dividend. However, no index number shall exceed 20. Affiliate members shall pay dues as determined by the Board on an annual basis.

**Section 3**

A budget shall be proposed by the Board at the Annual Membership meeting for the next fiscal year, and an affirmative majority vote of the firms present shall so authorize receipts and expenditures.

**Section 4**

The Board, by a majority vote, shall be empowered to propose a special levy, if it is considered that the financial condition of ACEC-SC so warrants, or if funds are required for some special purpose, subject to ratification by a majority vote of a quorum at a Membership meeting.

**Section 5**

Member Firms shall report upon request on appropriate ACEC or ACEC-SC forms on an annual basis the total number of personnel within the firm for dues purposes.

**Section 6**

Dues and other funds of the Organization shall be maintained in such depositories as the Board shall determine.

**Section 7**

Dues to be paid by new members will be pro-rated according to number of all quarters remaining in the fiscal year.

**Section 8**

The Board of Directors may establish special dues programs for new member incentives.

**ARTICLE V  
MEETINGS**

**Section 1**

- A. There shall be a minimum of an annual membership meeting to be held at an hour and place designated by the Board. The Board may call additional regular membership meetings.
- B. Special membership meetings called for a specific purpose may be called by the board or upon written request of not less than five member firms. Written notices specifying the purpose of the meeting shall be mailed to all member firms and members of all classifications not less than ten days in advance.
- C. Twenty-five percent of the member firms, or not less than ten member firms, whichever is the greater number, including at least three members of the Board, shall constitute a voting quorum for the transaction of business at any membership meeting and a majority vote, with each member firm being allowed one vote, shall be required to approve a motion. Exceptions are stated in Articles IV, IX and X of the bylaws.

**Section 2**

At least six Board meetings shall be held each fiscal year. A special meeting may be called by the President or any three board members upon due notice. A majority of the members of the Board at any properly called board meeting shall constitute a quorum. An affirmative vote of a majority of Board members present at any meeting shall be required to pass a motion, except as provided in Article VII of the Bylaws.

**Section 3**

The proceedings of any meeting shall be in accordance with the latest edition of Robert's Rules of Order, and such special rules of procedure as may be adopted by the Board.

**ARTICLE VI  
BOARD OF DIRECTORS AND OFFICERS**

**Section 1**

The board shall consist of not less nine members, three of whom shall be elected each year for three-year terms. The

Immediate Past President and the ACEC National Director shall be non-voting ex-officio members of the Board, in addition to the above. It is the intent of this section that a continuity of service on the Board shall be established through staggered terms of office for board members. Board members elected for part of an unexpired term shall be eligible for election to a full three-year term.

**Section 2**

Early in each calendar year, the President shall appoint the three immediate past presidents to serve as the nominating committee, which will have the responsibility of presenting a slate of candidates for Board membership to be voted upon at the membership meeting. The members of the nominating committee shall represent their different member firms, and the president shall make substitute nominating committee appointment, from the membership eligible to vote, for any of the three immediate past presidents who are unable to serve for any reason. Board members shall take office upon election.

**Section 3**

The nominating committee shall present a slate of nominees for the Board to the President at least thirty days prior to the annual board election membership meeting, and he shall mail to all members the list of nominees fifteen days prior to the annual board election membership meeting. Nothing herein shall preclude further nominees from the floor during the annual board election membership meeting. All nominees must be willing to serve.

**Section 4**

No member firm shall have more than one representative serving on the board at any one time, except the Immediate Past President ex-officio and the National Director, ex-officio. No member shall serve on the board for more than six consecutive years excepting the Immediate Past President ex-officio.

**Section 5**

In accordance with Article V of the Articles of Incorporation the Board shall elect a President, Vice President, Secretary and Treasurer (the latter two may be one person). Additionally, the Board may elect a National Director and Affiliate National Director to represent ACEC-SC on the American Council of Engineering Companies Board of Directors. The National Director's term is for two years and the person elected may not serve more than two consecutive terms.

**ARTICLE VII  
DUTIES AND POWERS**

**Section 1**

- A. The Board of Directors shall seek to fulfill the purpose of and manage the affairs of ACEC-SC in accordance with the laws under which it is organized and within the provisions of the Articles of Incorporation and Bylaws. It shall direct the investment and care of all funds and make appropriations for specific purposes; act upon applications for membership; take measures to advance the profession of engineering and the interests of ACEC-SC; designate the appointive offices; perform the specific

duties required of it by the Bylaws and generally direct the business Organization. During intervals between general membership meetings, the Board is to act for the membership in such a way as may be to the best interest of the Organization.

- B. In the event of a vacancy on the Board by reason of resignation, removal, death, inability to serve, or other reasons, the vacancy shall be filled as follows until the next Annual Board election Membership meeting.
  - (1) The Vice President shall become the President when the presidency is vacated between elections.
  - (2) A vacancy on the Board other than President shall be filled by a majority vote of the Board.
- C. An office on the Board shall be considered vacant if the member, without just cause, has failed to attend three consecutive meetings of that body or if he ceases to be a member in good standing; any director may be removed from his position by a three-fourths majority affirmative vote of the Board.
- D. The Board may engage an executive director, employees, agents, or attorneys to perform such duties as it deems necessary and shall determine the compensation for such services.
- E. The Board shall make an annual report for the preceding fiscal year at the Annual membership Meeting. The Annual Report shall include the reports of the Treasurer and the Secretary, and such other information as may be deemed by the Board of Directors to be appropriate.

**Section 2**

The President shall be the chief elected officer and shall have responsibility for the general management of its affairs. He shall preside over all general membership meetings and the meetings of the board of directors. He may assign administrative responsibilities for committees to other members of the board. He shall be an ex-officio member of all committees, but he shall not be counted in determining the presence of a quorum for the transaction of business by any committee. In the temporary absence or disability of the President, the Vice-President shall discharge the duties of the President.

**Section 3**

The Vice-President may be assigned duties including the administration of committees and shall preside at any meeting at the request of the President.

**Section 4**

The Treasurer, being the financial officer of the organization shall review each annual financial report and shall report thereon to the board of directors. He shall be responsible for the collection of all money due and for the transfer of such money to the appropriate bank accounts. He shall have charge of the books of account and shall exercise all customary managerial functions with regard to the financial transactions. He shall present annually to the Board of Directors a balance sheet of the books, as of May 30. He shall be responsible for submitting a proposed budget to the Board and to mail a copy to each member firm at least fifteen days before the annual membership meeting. He shall have charge of all funds and financial records. He and the President shall have Power-of-

Attorney for the signature of checks drawn upon the funds of the organization. The Treasurer shall be empowered to defray the normal operating expenses of the organization based on the amounts designated in the budget established each fiscal year. He shall notify each delinquent member firm prior to the invocation of the suspension rule in Article III, Section 2. The Treasurer shall retain a CPA to prepare an annual audit of the corporation and prepare tax returns for ACEC-SC and file such documents with the Internal Revenue Service as is required.

**Section 5**

- A. The Secretary, or his designee, shall keep an accurate record of minutes and attendance at all meetings of the Organization and the Board. The Secretary shall preserve the lists of memberships, officers and committees, and other information to maintain a continuous record of ACEC-SC. He shall be responsible for communications with members.
- B. The Secretary will act as the agent upon whom process against the corporation may be served. He shall file an annual report to the Secretary of State of South Carolina containing the names of the Corporation Directors and the addresses of the principal office of the Corporation, upon requirement of the state law.

**ARTICLE VIII  
COMMITTEES**

**Section 1**

The President shall have the authority to appoint annually a chairperson and committees consistent with ACEC-SC's mission.

**ARTICLE IX  
AFFILIATION**

**Section 1**

ACEC-SC reserves the right to affiliate with or withdraw from any other professional organization.

**Section 2**

Affiliation, or withdrawal, shall be voted upon using the same procedures as Article X. A two-thirds majority affirmative vote of the total voting quorum of a general membership meeting shall be required for affiliation with, or withdrawal of this Corporation from, any other Professional Organization. The effective date shall be as stated in the question of the vote.

**Section 3**

Upon joining ACEC-SC, all classes of membership shall adhere and be subject to all the rules, regulations, Articles of Incorporation, or Constitution, and Bylaws of any affiliations that are conditional to membership.

**ARTICLE X  
AFFILIATE MEMBERSHIP**

**Section 1 - Purpose**

Certain providers of goods and services commonly employed by members in conduct of their work are known to be highly reliable sources of information useful to consulting engineers.

The same providers are in a position to act as informal liaisons between ACEC-SC and organizations and individuals with whom they work. By permitting appropriate representatives of provider organizations to participate more substantially in ACEC-SC activities, the potential for enhanced communication, cooperation and coordination can be realized. Accordingly, ACEC-SC has established an affiliate membership category.

**Section 2 - Eligibility**

Any organization, other than consulting engineering firms, which provides products and/or services routinely used, specified or recommended to clients by members of ACEC-SC may be eligible for affiliate membership.

**Section 3 - Election to Affiliate Membership**

- A. Procedure. Any organization desirous of becoming an affiliate member of ACEC-SC may make its wishes known in writing to the Board. Before being considered, such organization shall provide the name of at least one ACEC-SC member who shall sponsor the potential affiliate member. Each such request for affiliate membership shall be reviewed by the Board of Directors. If the Board believes that granting affiliate membership to the interested party will be in the best interest of ACEC-SC members shall be advised in writing and shall be given a period of three weeks to comment on the applicant. Failing any negative comment, an invitation to become an Affiliate member of ACEC-SC shall be issued to the interested party.
- B. Review Considerations. In reviewing the desirability of issuing an invitation to any given prospective affiliate member firm, a member of the board shall first speak with the sponsoring ACEC-SC member to determine the basis for such sponsorship. The board shall review the composition of the current affiliate membership to determine the extent to which a given product or service category already is represented by existing affiliate membership, to help assure that any available affiliate memberships are used to enhance diversity of services and products represented by affiliate members. If the review indicates it would be desirable to include the prospect among the ACEC-SC affiliate membership, the Board shall contact other ACEC-SC members and nonmembers identified as references by the prospect, to help assure the prospect is known for conducting itself in a professional manner.
- C. Member Comment. If after notification, a board member shall voice negative comments about the prospective affiliate member within the time period provided, an invitation shall not be issued to the prospective affiliate member until the Board obtains more information about the basis of the negative comment.
- D. Rejection. If for any reason an invitation shall not be extended to an organization seeking affiliate membership in ACEC-SC, the organization shall be so informed.

**Section 4 - Duration of Membership**

An organization's affiliate membership shall continue only through the last day of the fiscal year during which affiliate membership was conferred. The Board shall issue invitations

for annual affiliate membership renewal only to those organizations which, in the opinion of the Board, enrich the value of membership for ACEC-SC members.

The number of affiliate members permitted to belong to ACEC-SC at any given time shall be determined by the Board on an annual basis and as a general rule should not exceed 25-35 percent of the number of ACEC-SC member firms. No affiliate member shall be asked to leave during a fiscal year solely because a loss of ACEC-SC members reduces the number of affiliate members who may belong to ACEC-SC.

**Section 6 - Representation**

Each affiliate member shall be permitted three representatives. As part of the review process, prospective affiliate member shall identify who these three representatives shall be, and provide biographical information about each. At such time as representatives are changed, biographical information shall be furnished to and reviewed and approved by the Board before the replacement is accorded official representative status.

**Section 7 - Participation in ACEC-SC Affairs**

An affiliate member representative may serve on any ACEC-SC committee, and may attend and participate in ACEC-SC membership meetings. In all such activities, however, the affiliate member representative involved shall serve without vote, in an advisory capacity only.

**Section 8 - Dues and Fees**

There shall be no affiliate membership application fee because organizations may become members and maintain membership from year-to-year only at the invitation of the Board. However, affiliate members shall be required to pay dues to the ACEC-SC. Such dues shall be established each year by the Board of Directors.

**Section 9 - Relationship to the American Council of Engineering Companies**

ACEC-SC is a member organization of the American Council of Engineering Companies, and as such, each ACEC-SC member also is a member of the American Council of Engineering Companies. Affiliate members may not belong to the American Council of Engineering Companies, however, and therefore no benefits accorded to members of the American Council of Engineering Companies shall be afforded to affiliate members of ACEC-SC.

**Section 10 - Notice of Affiliate Membership**

An affiliate member may not use affiliate membership status in the organization for any commercial purpose, except it may list its affiliate membership in proposals and similar documents of short-term longevity. In that affiliate membership in ACEC-SC may not be renewed by the Board from one year to the next, use of symbols and/or words indicating affiliate membership on or in materials such as brochures, letterheads, and business cards is expressly forbidden. In all cases, an affiliate member shall obtain permission for a specific application or category of application prior to implementing such application, and shall receive written permission for the application prior to implementing it.

**ARTICLE XI  
AMENDMENTS TO THE ARTICLES OF  
INCORPORATION AND BYLAWS**

**Section 1**

An amendment may be proposed by any member firm. In such event, the proposed amendment, in writing, shall be presented to the Board for discussion and disposition. On a majority affirmative vote of the board, the proposed amendment shall be presented to the next membership meeting or an amendment may be proposed by five member firms and shall be presented directly to a membership meeting.

**Section 2**

A written copy of the proposed amendment and a notice stating the time and place of the meeting at which the proposed amendment will be considered, shall be sent to each member in each classification at least ten days prior to said meeting.

**Section 3**

Articles of Incorporation or Bylaws may be amended by an affirmative vote of not less than two-thirds of a voting quorum. The effective date of any amendments shall be immediate.

Revised August 4, 2003

## Former Presidents & Chairmen of ACEC-SC Predecessor Organizations

D.C. Bardot  
R. Neal Campbell  
C.C. Chapman  
Bruce V. Flemming  
Ruben C. Johnson

Gene K. King  
Ben A. Leppard  
John S. Myers  
James L. Polk  
Clyde B. Poplin, Jr.

Gerald H. Preacher  
Harold K. Reed  
A.W. Shoolbred, Jr.  
Elmer H. Williamson

### ACEC-SC Past Presidents

Robert A. Coleman, 1972-1973  
Paul E. Moore, 1973-1974  
L. Lin McNair, 1974-1975  
William R. McCoy, 1975-1976  
W.L. Carpenter, 1976-1977  
Robert A. Hubbard, 1977-1978  
R. Patrick Jenkins, 1979-1980  
Travis J. Durham, 1980-1981  
Thomas A. Fridy, 1981-1982  
John W. Bonnaville, 1982-1983  
James M. Glennon, 1983-1984  
Jim Longshore, 1984-1985

William M. Bunting, 1985-1986  
Larry C. Hargrove, 1986-1987  
Samuel E. G. Linyard, 1987-1988  
Charles M. Joye, II, 1989-1990  
James W. Heller, Jr., 1990-1991  
G. Keith McLeod, Jr., 1991-1992  
Paul M. O'Neal, Jr., 1992-1993  
John V. Boyette, Jr., 1993-1994  
Robert L. Hart, 1994-1995  
Ron Calsing, 1995-1996  
Anderson Kinghorn, 1996-1997  
M. Stevenson Smith, 1997-1998

Peter M. Strub, 1998-1999  
Donald J. Hamburger, 1999-2000  
Austin A. Hurley, 2000-2001  
Howard Perry, 2001-2002  
Jerry Timmons, 2002-2003  
George Fletcher, 2003-2004  
Miller L. Love, Jr., 2004-2005  
James B. Broyles, 2005-2006  
Jack D. Mobley, 2006-2007  
Hazel L. Elliott, 2007-2008  
Michael V. Horton, 2008-2009  
Larry C. Hargrove, 2009-2010

### Fellows of American Council of Engineering Companies

R. Neal Campbell, AE Engineers, Inc.  
Paul E. Conrad, Wilbur Smith Associates, Inc.  
Miller L. Love, Jr., Collins Engineers, Inc.

Professional Role Within Firm

SC Registration #: \_\_\_\_\_

Add the names of staff members whom you feel would benefit from participation in ACEC-SC and ACEC. Your firm's ROI on your ACEC membership is directly related to the number of staff who are active in the Council. (Use separate sheets to provide additional names)
