12th ANNUAL SCDOT/ACEC-SC MEETING

Program October 22, 2009

The South Carolina Department of Transportation and the American Council of Engineering Companies of South Carolina established a partnering Committee in 1997 to provide a forum for improving the coordination and understanding between SCDOT and the Consulting Community as it relates to the design and construction of transportation projects. This partnering committee utilizes both the Department's and the Consultants' resources and expertise in a coordinated effort for the mutual benefit of the traveling public and taxpayers of South Carolina.
